Quick Close

For over 30 years, Embrace Home Loans has been a leader in the mortgage business, providing customers with exceptional products and outstanding service. Our service commitment doesn't stop with the borrower. We are committed to assisting our Realtors and referral partners in generating more leads and closing more loans, faster: clear to close in 7 days.

Our operations' staff has your borrower clear to close seven business days after a complete application is uploaded to our system. This allows us to issue the HUDs weeks before closing... offering confidence and security to both you and your customers.

The earlier the loan is ready the better prepared everyone is for the closing. Title companies have plenty of time to get their job done. Your Embrace support staff works tirelessly to provide your valued clients with an exceptional, buttoned up loan experience with no surprises.

- Clear to close in seven days or less
- HUD's ready weeks before closing
- Responsive underwriting

QuickClose7 is not valid if the loan program requires extended times for completion (VA, USDA, New construction, State Bond Programs requiring additional state approvals or investors who require a pre-approval and some jumbo programs)

“WITHOUT COOK MARAN BY MY SIDE AFTER SUPERSTORM SANDY, I AM CERTAIN I WOULD HAVE FALLEN APART.”

—Louis Franco, Manhattan Beach, NY.

Featured in photo (left to right):
Tim Brenneman – Executive Director,
Mimi & Louis Franco, Rosemary
Whisler – Insurance Advisor and
Kristin Walsh – Account Manager.

“The time and effort they put into settling my claims exceeded my wildest expectations.”

Flooding and debris from Superstorm Sandy – and the long, tedious cleanup uncovering further problems – left Louis Franco’s Manhattan Beach home with millions in damage. Insurance broker Cook Maran never left his side, negotiating with the carrier for 18 months to fairly resolve the two complicated claims so Louis could begin the process of rebuilding his family home. Read Louis’ full story at cookmaran.com/testimonials/louis-franco.

Imagine

A resident screening company
focused on the unique needs of
realtors

Anyone can offer screening reports. Few offer the information, tools and service to help you to effectively **manage risk**.

Find out how NTN is
Redefining Resident Screening.

Tools to Manage Risk

Realtors have the challenge of helping to qualify prospective tenants, communicating results to third-party landlords and cooperating agents, and doing so without compromising sensitive credit information. **NTN DecisionPoint** can be configured to provide agents with a scored risk assessment while limiting full credit access to brokers and other authorized users. Masking credit helps to protect sensitive information and minimize broker risk.

Notice Delivery

Notice Delivery was built specifically to meet the unique needs of realtors, who often have a network of agents who need access to background reports. With Notice Delivery, reports can be ordered centrally with agents receiving an automated one-time password to view the background report via secure website. Notice delivery helps ensure security of sensitive credit information and eliminates the cost and inefficiency of having to fax reports.

Integrated Online Applications

Offering an online rental application can help you attract more prospects and streamline the data-entry and screening process. **NTN SecureApp** puts this valuable tool at your applicant's fingertips. Application fees can also be collected via credit or debit card.
